DID YOU KNOW?

| Lukáš studies at Czech Technical University in Prague, Electrical and Power Engineering. | His hobbies are travelling, mountain and rock climbing, reading, model making and especially many kinds of sports: road-cycling, cross country skiing, beach volleyball, floorball. | He has been doing athletics since he was seven. | He has been representing a single club, but being led by different coaches. | He's told to be very conservative and stubborn, but he takes these attributes as an advantage for endurance events like 50km race walking.
